PERFORMANCE REQUEST FORM

Kids on the Block Ottawa offers performances during the school year for students in kindergarten to grade 6. Performances take place in schools, community centres and events within the Ottawa area.

Performances take 45 minutes to 60 minutes and can accommodate up to approximately 80 students. Most schools require 2 performances of 2 or 3 skits during our visit. Schools with 200 or more students can book for 2 days. Puppeteers arrive one hour prior to a performance to allow time to set up and require approximately half an hour to dismantle at the end of the performances.

Please send us the complete this Performance Request Form by email:
